

# Energy Rates

## Engineering and Professional Services Rate Card – effective as of 1 July 2019

Published rates apply to time-and-materials based quotations for engineering and consulting labour. Major projects may be negotiated on a case-by-case basis, depending on factors including but not limited to research productivity, research diversity, research longevity, risk, effort, volume, duration, efficiency, reuse and complexity.

Current Intersect Australia financial members may be able to classify expenditure on Intersect engineering and professional services as in-kind contribution towards their research grant applications.

## Daily rate list pricing ex-GST, effective 1 July 2019

Role	List Rate	Affiliate Rate (20% discount)	Member Rate (40% discount)
